

## Republic of Moldova

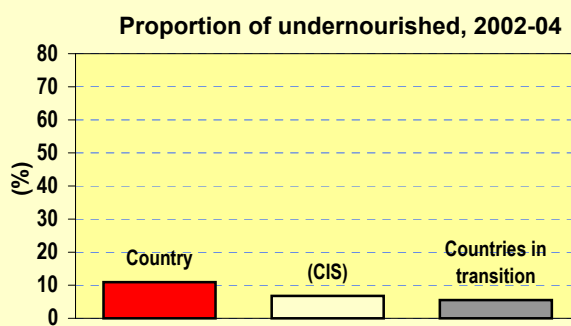

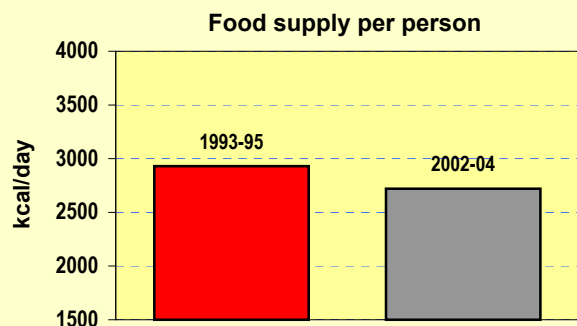

Monitoring progress towards hunger reduction goals of the *World Food Summit (WFS)* and the *Millennium Declaration (MD)*

*The Republic of Moldova has a moderate level of undernourishment; 11 percent of the population is undernourished. Both the proportion and the number of undernourished people have increased over the period covered.*

*Food supply has decreased in these last years.*

*The prevalence of undernourishment in the Republic of Moldova is higher than in Commonwealth of Independent States (CIS) and Countries in transition.*

**Selected statistics**

	<u>1993-95</u>	<u>2002-04</u>
1. Population (million)	4.4	4.3
2. Food supply (kcal/person/day)	2930	2720
3. Number of undernourished (million)	0.2	0.5
4. Proportion of undernourishment (%)		
<i>Republic of Moldova</i>	5	11
<i>Commonwealth of Independent States (CIS)</i>	7	7
<i>Countries in transition</i>	6	6
